Georgia Apply to College is part of the [American Council On Education's National Initiative](#) to increase the number of students accessing postsecondary education. In support of GAC, each year the Governor issues a proclamation declaring November Georgia Apply to College Month. During the month, Georgia high schools use activities to build school excitement around going to college and set aside a day during which all seniors have the opportunity to focus on completing at least one application for admission while receiving the encouragement and assistance of specially trained college and community volunteers. GAC has the goal of providing all Georgia high school seniors with the opportunity to apply to college using [GAcollege411.org](#), with a focus on providing assistance to first generation and underrepresented students as they navigate the college application process.

Bowdon High School's seniors received hands-on assistance applying to college during the school's Georgia Apply to College event held on Tuesday, November 19th. Roughly 73 seniors participated in the event, which was held in the school's science computer lab.

There were nine volunteers from the community in attendance. This included representatives from UWG, WGTC, Shorter University, Georgia Highlands College, and Carroll County College and Career Academy. There were 114 college applications started and 107 were submitted during this event. Thank you to the parents and community members who came out to support our Apply to College event!

Additional information about the Georgia Apply to College program can be found online at: [Www.usg.edu/Apply-To-College](#). For more information about BHS's event, please contact Kim Ivester at: [Kim.ivester@Carrollcountyschools.com](mailto:Kim.ivester@Carrollcountyschools.com) or call (770) 258-5408.

## ABOUT US

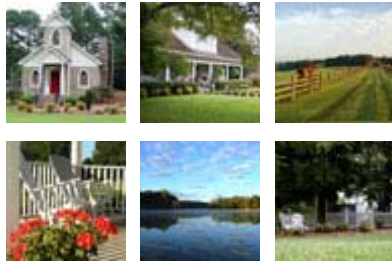

---

Bowdon has a long, distinguished history. It is near the geographic center of the last land in Georgia held by the Creek Nation and ceded to the United States on November 15, 1827.
